## Stars of the Week

Certificates were presented in our celebration assembly to:

**Lily (EYFS)**  
**Cleo (Yr 1)**  
**Thomas (Yr 2)**  
**Alaia (Yr 3)**  
**Annabelle (Yr 4)**  
**Lacey (Yr 5)**  
**William (Yr 6)**

**Please be aware due to TLC's next week there will be no Teddy Tuesday, and Thursday no Tutoring, or SATS Club.**

## SPRING HAS SPRUNG!

Dear Parents/Carers,

The weather it seems has finally decided to spring into action this week and with that we have been able to get more playground equipment outside. We now have mini football goals for all year groups, a quiet colouring corner, skipping ropes including French skipping, bats and balls and now Lego for the children to play with at break and lunchtimes. Including the playground markings and chess set, this means that the children have a vast amount of equipment to choose from at these times and as a result we are seeing some lovely games being played and different friendships forming with children of all ages playing together.

We are very excited to have Art Solutions coming into school in the summer term. These amazing artists will facilitate a whole school project to create several art pieces to go on display around the school. We will be asking for lots of newspaper to be collected after Easter. So please start saving!

Thank you to all the parents that came to last weeks first whole school celebration assembly. I felt quite emotional listening to all the children singing as they came in and then seeing their faces light up when they realised they had family and friends joining us for the celebration too. I hope to see many more of you in the coming weeks.

You might notice that on the field near the outdoor learning area, we have some very young trees being planted. We have been lucky enough to have been given 20 trees ranging from Silver Birch to Oak. Please do not let any children play in this area after school so we can protect them and the area which we are developing.

We are now on the hunt for different types of plants which we can plant in the area and in the raised beds. If you have any spare plants from your gardens please do let us know.

I hope the weather holds out for a lovely weekend.

Mrs Cagney

Art club started this week, and was enjoyed by the KS2 children. They were able to choose their medium to draw with, and asked to draw a Rhino. The results were excellent!

## AR READERS

Year 3 read 326,599 words this week.  
**100% Reading**

### Quiz Scores:

**Year 2** - Freddie, Blake, James, Thomas, Lia, Ann-Mary, Willow, James Q, Freya

**Year 3** - Elsie-Rose

**Year 5** - Willow

**Year 6** - Willow, Rafi, Ben, Isabelle

## CLASSROOM NEWS

### From EYFS

This week the children have innovated the story of The Sleepy Bumblebee- changing some of the characters and how they kept Mr Bumblebee awake! They have added new actions and pictures to their story map. They had a lovely time reading with Year 6. In Maths we have been looking at number bonds to 5 (two numbers that together make 5) as well as exploring different ways we can combine numbers to 10. We have been practising walking to and from the Hall and where to sit in the Hall, ready for the Summer term when we start going to assemblies twice a week!

## Attendance

This week's class attendance:  
EYFS: 98%  
Year 1: 93%  
Year 2: 86%  
Year 3: 90%  
Year 4: 91%  
Year 5: 96%  
Year 6: 91%

### From Year 1

Year 1 have been busy measuring in Maths this week! We have been using non-standard units to measure with to start, such as cubes and paper clips. We then moved onto looking at a ruler and measuring in cm! We have been working practically measuring different objects in our classroom and finding things that are longer, shorter or taller than other objects. We are really looking forward to measuring each other with meter sticks next week! We are going to see if we can also line up outside in height order!

## TIMES TABLE ROCKSTARS

Winners- Year 2

House winners- Darwin

Year 2- Blake

Year 3- Arham

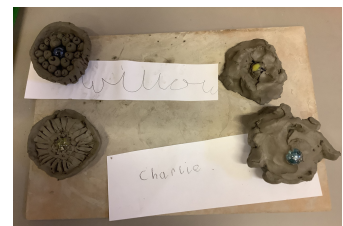

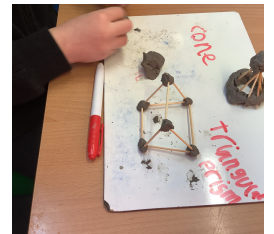

Year 4- Lenny

Year 5- Samuel

Year 6- Bella

### From Year 2

Year 2 have had such a busy few weeks. We have been doing such brilliant work across the curriculum; especially so in Maths and History. We have been learning about and making 3d shapes in Maths and we also used clay to make dragon eyes as our brilliant class novel is The Boy Who Grew Dragons. We are absolutely loving our History lessons on The Great Fire of London. Mrs Pickering visited the site of the fire in London and showed us photographs of where the fire started, and spread to. We have been applying for jobs as materials in Science and stating why a brick would be great as a strong material to build a house or why a shelf could be perhaps wooden or glass.

## REMINDERS

Please ensure the school office is notified of your child's absent by 9am
